

Nursery - 17th October 2022

This week

We have had a fantastic week this week. We have worked incredibly hard in our phonics lessons, we have been sitting beautifully and explored the sounds around school on our listening walks. We have been observing what happens when something melts and even watched the chocolate melt when we made rice crispy cakes, they were delicious. In our PSHE lesson with Jigsaw Jenie we talked about how to use kind hands. Barney the dog also visited us this week, we gave him a drink of water and brushed his fur. We are very proud of all the children that went swimming this week, they were amazing in the swimming pool and all the children had a fantastic time during our Cool Cats lesson.

Important Information

- Next week on Thursday 20th October, Miss Mott's and Mr Malloy's key worker groups will be swimming. Please bring in a costume and towel, as well as removing all earrings.
- Please do not bring toys into school. We have lots of toys in Nursery to play with.
- We will be sending two books home on Fridays. Please read these with your child.
- Due to the availability of forest school we will now be doing our welly walks on Monday afternoon.
- Cool Cats is on Wednesday. Please make sure all earrings are either removed or covered with plasters. Please send children into school with their school shoes, not wellies on Cool Cats days as children have to remove wellies in order to join in Cool Cats and have to do the activities in bare feet. Please bring your wellies in a named bag instead.

Weekly Challenge-What can you hear?

This weeks challenge is to go on a listening walk around your house. What can you hear? What different noises are there in your house?

Important

Parents evening is next week, if you have not yet made an appointment please bring your slip back to school on Monday so we can give you an appointment time.

Half Term Dates

School Closes for Half Term: Friday 21st October 2022

School Reopens: Tuesday 1st November 2022

Can you help?

We will be using bottle tops and lids for one of our activities. If you have any of these at home please bring them into school.

Thank you for your support,

Miss Mott, Mrs Johnston, Miss Smith, Miss Ecclestone and Mr Molloy.
