

Nursery - 10th October 2022

This week

This week we have been learning about our 5 senses. We have used our senses to explore different foods. We participated in a blindfold challenge where the children had to guess the food by using different senses. On Monday we also had a visit from Barney the dog. Barney will be visiting the children and we will be doing different activities with Barney such as reading stories and circle times. We are also very excited to welcome our new stick insect pets into nursery. We have been collecting foods for our new pets. We have also been practicing putting on our coats on our own. We have also been learning about the story The Secret Garden and made some beautiful pieces of artwork for our display.

Important Information

- Next week on Thursday 13th October, Miss Johnston's and Miss Smith's key worker groups will be swimming. Please bring in a costume and towel, as well as removing all earrings.

-For the children who need nappies, on your swimming days, please put in their swimming kit 1 swim nappy and 1 nappy.

-Cool Cats is on Wednesday. Please make sure all earrings are either removed or covered with plasters. Children who have earrings in will not be able to join the session for safety reasons. Please send children into school with their school shoes, not wellies on Cool Cats days as children have to remove wellies in order to join in Cool Cats and have to do the activities in bare feet. Please bring your wellies in a named bag instead.

-On Monday 10th October we are supporting World Mental Health/Young Minds day by wearing yellow. On Monday please come into school in yellow clothes.

Weekly Challenge-Try Something New

This week we have been learning about senses so for your weekly challenge we would like you to try a food you have not tried before. Use your senses to explore the food such as smelling the food, describing what it looks like, talking about what it feels like and tasting the food. Upload photos of your challenge onto the learning book.

Important

Please make sure that all your belongings are labelled. There are still lots of belongings that have not got names in, this makes it very difficult to return belongings to children.

Please also make sure that swimming kits are labelled, it is very difficult to give children their swimming kits if they do not have their name on.

In order to ease congestion in the morning please give any messages to the member of staff on the gate and these will be passed onto all staff once the children are in school.

We will be giving your child two reading books on Friday for you to read all week, you can choose which of the books you would like to read each night. These will then be changed again next Friday and replaced with two more books for you to read.

Thank you for your support,

Miss Mott, Mrs Johnston, Miss Smith, Miss Ecclestone and Mr Molloy.
