

# Art and Design

## Year 1 Summer Term

### Inspirational artwork: Self portrait

### Artist, craft maker or designer:

#### Paul Klee

Paul Klee was an artist. He was born in Switzerland in 1897. He created many paintings in lots of different styles. Some people think that he

created over 9000 paintings! He liked to use simple shapes and bright, bold, blocks of colour. This style of art is called cubism. Paul Klee tended to use paint but he also enjoyed creating artwork using paper.

### Critical techniques

- I will look at the artwork and describe what I see.
- I will know that the artwork is a portrait.
- I will use the artwork to inspire my own portrait.

### Piece

I will design and create a self-portrait using collage.

## Concepts:

### Texture

The appearance or feel of a surface.

### What should I already know?

- I can experiment with texture.
- I can combine different materials.

### What will I learn?

- I will select and organise materials to create a new piece of work.
- I will cut and shape materials using scissors.
- I will fold, crumple, tear and overlap materials to create my collage.
- I will use adhesives.

### Media

paper

scissors

glue

### Key Vocabulary

self portrait	A picture of the artist drawing it.
cubism	Using shapes and blocks of colour.
colour	Lightness or darkness; cool or warm.
shape	The outline of a space.
texture	The appearance or feel of a surface.
surface	The outside layer.
cut	To slice something with a sharp tool.
fold	To bend something.
crumple	To crease something.
overlap	To partly cover something.
adhesive	A substance used for sticking things together.
stick	To fix something to something else.
