Year 3/4

Autumn

Using knots to secure a fix-

What I already know

Had experience of and practicing their knot tying skills.

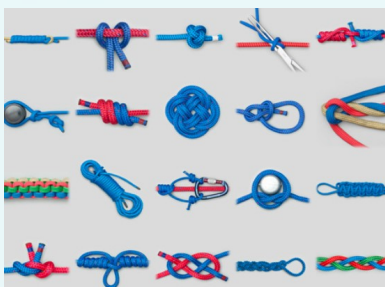

Able to tie a very simple knot around a pole. Work as a team to tie two pieces of wood together to make a stick man.

Able to choose the correct material to use to tie a knot. Have some understanding of safety procedures when using string and rope.

Vocabulary

Knot	A fastening made by looping a piece of string, rope
Rope	A length of thick strong cord
Clove hitch knot	Clove Hitch is a good binding knot
structure	An object constructed from several parts.
securely	In a fixed or stable manner
Standing end	Long end of the rope that would go from you
Free end	The end which is nearest to you.

Connecting Concepts

Knots are very useful. The knot is used to attach a rope to a ring, hook, anchor, or other object.

Skills

Use more sophisticated knots (clove hitch) to attach structures to tree trunks. Use knots and lashing to attach pieces of wood together to create a photo frame.
