Shelter building

What I already know

I am able to build a shelter with some support. I have experienced using a range of materials to make a lean to shelter. I have experienced tying simple knots and explored lashing techniques to create a frame.

Vocabulary	
Frame	A rigid structure- that creates a shape
Structure	A building or other object constructed from several parts.
Weather-proofing	Both water-repellent and water-resistant.
Durability	Able to exist for a long time without significant damage.

Connecting Concepts

A shelter gives us warmth and protection

Skills

To create a weatherproof shelter in a wooded area.

To work successfully as part of a team to create a shelter.

To choose and use a variety of materials to create a durable and sturdy shelter.

To use my prior knowledge of knots and lashings.
