

# Geography

Year 1 Autumn Term - **The United Kingdom**

Location

## Retrieval and Review

- Maps give information about where things are.
- Maps are drawn from above.
- Symbols are simple pictures.

## Essential Knowledge

- Know that the United Kingdom has 4 countries: England, Northern Ireland, Wales and Scotland. Describe their location.
- Know the names of the capital cities in the UK.
- Know significant characteristics of the four capitals, including the weather.
- Know and locate the surrounding seas.
- Use and draw simple maps and symbols.

## Enquiry/Fieldwork

Use the BBC weather app to compare the weather of the capital cities. Use this information to create a weather map of the United Kingdom.

## Key Vocabulary

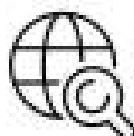

United Kingdom	A country made up of England, Wales, Scotland and Northern Ireland.
Map	A diagram of a place.
Capital City	A city where the government meets. Latin
Weather symbols	Simple pictures used to show what the
