

# Geography

Year 4 Spring Term — North America

Location

Place

## Thinking like a Geographer:

Maps & Fieldwork	Space	Scale	Interconnections	Environment & Sustainability

## Enquiry/ Fieldwork

. Choose a tourist attraction—Why would a tourist choose to visit and what impact does this have? E.g. trade, air pollution, noise pollution.

## Retrieval and Review

- Identify the hot and cold areas of the world.
- Identify the equator, north and south hemisphere.
- Identify and locate the tropics and vegetation belts.
- Review 8 points of a compass.

## Key Vocabulary

Climate	Weather conditions over a long period of time.
State	A nation under one government.
Trade	The action of buying and selling goods and services.
Tourism	Visiting a place for a holiday.

## Essential Knowledge

- Name and locate the 23 countries in North America.
- Name and locate the 5 largest cities: Mexico City, New York, Los Angeles, Toronto and Chicago.
- Identify the environmental regions of North America.
- Name and locate the tourist attractions: Niagara Fall, Disney World, Times Square, Chichen Itza, Yellowstone Natural Park.
- Explore the advantages and disadvantages of tourism.
