

Geography

Year 3 Autumn Term - OS maps

Location

Retrieval and Review

- Review four figure grid references.
- Know that maps record information about a place. Review the equator.
- Know the seven continents and the five oceans of the world.

Essential Knowledge

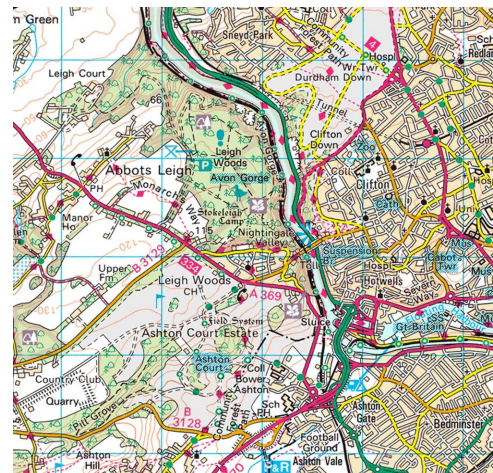

- Use 6 figure grid references to locate a place.
- Use a key to identify OS symbols.
- Understand scale and measure a distance between two places.
- Describe a journey using an OS map.
- Orientate a map

Enquiry/fieldwork

Use an OS map to retrace your journey to Middleport pottery. (Resource— Bing-maps.) What would be the advantages and disadvantages of walking there?

Key Vocabulary

Scale	Comparing a distance
OS	Ordnance Survey— national mapping agency.
Grid reference	A map reference to show location
Contour line	A line on a map joining equal points of height.
Symbols	A picture giving information
Orientate	Position or direction.

Thinking like a Geographer:

	Map skills and fieldwork		Space		Scale
--	--------------------------	--	-------	--	-------
