

Geography

The study of people and places - Year 2 Autumn Term

Concept: Change

Review

- Know about their own homes and where they are.
- Know about land use within the grounds.
- Identify changes during the seasons.

What we will learn:

- Investigate and record the area around school.
- Use 4 figure grid reference
- Identify and record the land use in the school community.
- Identify and record significant buildings in the school community and understand how they are used.

Enquiry

Is noise pollution a problem in our school community?
