

# Geography

The study of people and places - Year 6 Spring Term

Concept: Diversity

## What I already know

- Name and identify vegetation belts around the world.
- Name and locate the tropics and understand their significance.

## Essential Knowledge

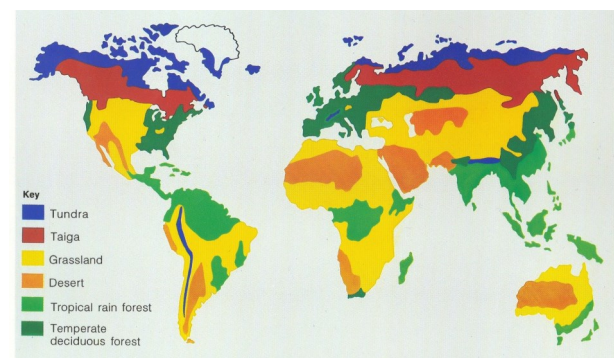

- Name and locate the six types of biomes.
- Describe the climate in each biome.
- Know how the biomes effect the plant and animals which are inhabitants.

## Essential Fieldwork

- -to use the school and its grounds as a site for studying aspects of physical and human geography by investigating 'How can we make our school grounds more bee friendly?'
- taking digital photos and annotating them with labels or captions.
- designing and conducting fieldwork interviews (e.g. to establish the range of views local people hold).

## Key Vocabulary

Land-scape	A visible feature on the land
Climates	The weather conditions over a long period of time.
Conserve	Protect from harm or destruction
Preserve	Remain in its original state
Habitat	The natural home of an animal or plant.
Inhabitant	A person or animal who lives in a place.

Concepts:

Place	Space and scale	Change	Sustainability
