

Hempstalls Primary School

Early Years Foundation Stage Long Term Plan

Our curriculum is bespoke and develops a strong notion of self-awareness. Each year group builds essential knowledge through new learning experiences and opportunities whilst retrieving knowledge from the previous year. Our curriculum is designed to cover the same six themes throughout each academic year, these themes have suggested texts and coverage, however we are rooted in the belief that children's interests are immensely valuable to their learning experiences, where we can develop our curriculum to incorporate and actively encourage these to lead learning opportunities we will do.
