## Aims

The aims of our first aid policy are to:

- ✚ Ensure the health and safety of all staff, pupils and visitors
- ✚ Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- ✚ Provide a framework for responding to an incident and recording and reporting the outcomes

## Legislation and Guidance

This policy is based on the Statutory Framework for the Early Years Foundation Stage, advice from the Department for Education on first aid in schools and health and safety in schools, and the following legislation:

- ✚ The Health and Safety (First Aid) Regulations 1981, which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- ✚ The Management of Health and Safety at Work Regulations 1992, which require employers to make an assessment of the risks to the health and safety of their employees
- ✚ The Management of Health and Safety at Work Regulations 1999, which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- ✚ The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- ✚ Social Security (Claims and Payments) Regulations 1979, which set out rules on the retention of accident records.

This policy complies with our funding agreement and articles of association.
